NDDB has also initiated action under NDDB Act, 1987 for restructuring and streamlining the organizational and functional set up in order to secure utmost efficiency in its functioning.

(b) It is not true that NDDB has diverted all its efforts to fruits and vegetables. The fruits and vegetables project is a pilot project restricted to Delhi and is, therefore, limited in its operation. The major activity of NDDB continues to be implementation of Operation Flood Programme for dairy development.
